A private chat with:

Mrs. Julia Angeles

Baillie & Gifford – Partner

Julia is a partner of Baillie Gifford. He joined the firm in 2008 and actually oversees and has the responsibility of the Health Innovation Team which runs a concentrated global equity portfolio investing in companies driving transformational changes in the future of healthcare Strategy

Baillie & Gifford is a 111-year-old Scottish investment firm. It starts as a law firm, but the financial climate of the time led to the business switching its emphasis to investment in 1908. In 1909, Baillie & Gifford created the Straits Mortgage and Trust Company Limited to finance rubber plantations in the British Malaya. Today it backs the digital drivers of Asia's economy, with companies such as China's Alibaba Group Holding and Tencent Holdings and other new-economy stars, such as Amazon.com and Tesla.

A light cocktail will follow the event
